TO WHOM IT MAY CONCERN

I hereby confirm that the following animal has been approved as a semen donor by the Breed Improvement Committee of Wagyu South Africa.

This approval confirms that the animal was found to be functionally and phenotypically sound at the time of inspection. The animal has also been confirmed to be free of detrimental Wagyu-specific genetic defects and has a valid SNP profile recorded with the Society.

Animal ID: AL230016

Should you require any further information, comments, or clarification regarding this animal, please feel free to contact me directly or via the Wagyu South Africa office.

Kind regards,

Waldo Scheepers

CEO

Wagyu South Africa
