Ok dan kan ons die ma se kansellasie eers afhaal, kalwing laai en dan weer kanselleer

Sy was nie veronderstal om pregnant te raak nie, maar die manne se dit is haar kalf

Sy was nie eers geKI nie, ek het haar kalwing nou as Natural breeding gedoen met die bul SATURN 22818: 94007333

Tanille

Ek mag nie 'n dier laai as 'n hulpstamboek A dier nie, die genootskap moet die dier eers keur as 'n A dier.

Stuur asb die versoek na Tessa by die Jersey genootskap.

Groetnis

Tanille

Hoop dit gaan goed daar.

Die moeder FWJW 170393 - 0085811990, van die kalf WJW 260443, is gekanselleer op 02-APR-2025 - Cull- Mastitis.  
Julle het dit met die Logix sync program gekanselleer.  
Laat weet of ek die moeder moet herinstel vir jou.  
Anders kan jy die kalf laat keur as 'n Hulpstamboek A dier.
