Hi Douglas

The animal GE and RAT 230008 is not on record it is only WO 230008.

So please let me know what to do.

Enjoy the day!

Morning Danie and Marietjie

I bought this heifer from Graham Evans as a red animal but he was not to sure him self but the tag was 23008 I am not sure if it was a herd prefex WO or GE RAT.

If we are un able to find it I will DNA her only if she raises a good calf or I will just put her in the commercials.

Regards

Douglas
