Good day

He just needs to send me an email please to transfer the dog back to you.

The spayed dog is on logix, still breeding status, I can cancel her as spayed.

Dear SABBS

The following dog 933071000230784 (to be named "Storm") was returned to breeder in line with our return to breeder policy.

Life style changes on the owners' side have lead to a difficult decision to return dogs to the breeder.

I would therefore need your support to register this dog under Alpha Twin boerboels.

The female has been spayed (933071000149986), please guide me on the requirement where a spayed dog is concerned.

Warm regards
Sipiwe
