Good Evening

I'll forward Lulus Breed inspection that was done, I found that paperwork in my files this week

Wierd that Willow wasn't inspected at Joseph's Dream as she was bred there and had foals that they sold with registration numbers

I'll have the vet do an inspection when he is in our area again middle October and forward those documentation

Thank you for the feedback

Would it be possible to get Hynders Gloeds registration certificate at least?

Kind Regards
