Hi Suzette.

Hoop dit gaan goed.

Wonder of jy my kan help.

Ons voorman het inligting geruil met twee geboortes wat ek toe verkeerd gelaai het op Logix.

EM16-03 se kalf RWR26-21 is Manlik... nie Vroulik

KW20-530 se kalf RWR26-26 is Vroulik... nie manlik.

Kan jy my help om dit reg te maak of met wie kan ek praat.

Groete.

Almalsaam Wouter.

You don't often get email from results@unistelmedical.co.za. [Learn why this is important](#)

CAUTION: This email originated from outside the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good day

Please see attached the result of the abovementioned batch.

We appreciate your support and look forward to working together again soon.

We trust that all information provided to us is complete and correct. We can only provide results with the information we currently have on record. Some STR profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring strategies between laboratories.

Kind Regards,
