Good morning Daleen

Yes, I confirm that EWE 1574 20 121 was bought as a pregnant ewe and was bred to RAM 1574 25 31. Similarly, the mother to 26 05 was also purchased as pregnant. The sires are not in my possession. They were bred by the seller just before the purchase

Good day,

Hope you are well.

26 03 and 26 04 - mother 1574 20 121 was she bought pregnant of this ram - 1574 25 31?

26 05 - also the sire, but not in your possession and the mother from your own herd? Not a Collen ewe that may be bought pregnant.
