Subject: Reinstatement of Heifers

Hi Marietjie

I trust that you are well during this lockdown.

Please can I request that you reinstate the following heifers. I am currently doing 18 month weights. These were obviously incorrectly cancelled by me at some point post weaning.

Angus

- KCM180043 (This animal is incorrectly recorded as a bull. She is in fact a female)

Hereford

- KC180004
- KC180008

Regards

Carl
