16/08 Dam KMO 13/27 first calved on 25/12/2014 – this appears not to have been submitted before the animal was sold

16/02 Dam KMO 12/27 calved on 19/11/2015 (recorded but not submitted)

Some beneficiaries have not submitted the birth of male calves, being under the impression that the calves were not to be registered.
