Subject: RESULTS: ORDER ZO2020/536

Dear Asser/Bertie

Thank you for choosing **ZooOmics™** for your Animal Genetic Services.

We are sorry for the delay in these results.

Please download your results by following the links:
DNA Profiles (27): <https://we.tl/t-76Z06JNFoy>

Please note that the link will expire **15 April 2020**. In the event that the results are not downloaded in time, please do not hesitate to contact us should you require another one.

We are currently repeating two of your samples in the lab and will send the DNA profiles to you ASAP.

Please do not hesitate to contact us should you have any further questions.

We would like to take this opportunity to thank you for your support and patience through the transition from Clinomics to **ZooOmics™** we have accomplished much with your encouragement and we look forward to a more successful 2020 with you.

Kind Regards/Vriendelike Groete

ZooOmics™ is the animal genetics division of inqaba biotec™, and a collaboration between Clinomics and inqaba biotec™, making use of additional extensive panels currently used by Clinomics in combination with the service delivery capacity for which inqaba biotec™ is well-known; to provide the most comprehensive value for money panels for parentage and bovine mutation analysis. The genetic health and colour tests will still be provided by inqaba biotec™ through our ZooOmics™ division

ZooOmics™ hereby distances itself from and accepts no liability in respect of the unauthorised use of its e-mail facility or the sending of e-mail communications for other than strictly business purposes. ZooOmics™ furthermore disclaims liability for any unauthorised instruction for which permission was not granted and any opinions or recommendations expressed herein are those solely of the author. Any recipient of an unacceptable communication, a chain letter or offensive material of any nature is requested to report it to info@ZooOmics.co.za. The recipient must scan his e-mail and any attached files for viruses and the like. While we do everything possible to protect information from viruses, ZooOmics™ accepts no liability of whatever nature for any loss, liability, damage or expense resulting directly or indirectly from the access and/or downloading of any files which are attached to this e-mail message.
