More Tannie Marietjie

Ek wil nie graag toestemming gee om DNA te forseer nie, want die telers vat kanse, maar in sulke gevalle waar daar een nageslag is en daar is nie n ander manier nie, kan ons dit maar doen.

Baie dankie, waardeer die moeite.

Dear Marietjie,

Our Cow:

DW161196 is still PEN

Her sire, bull DW13 659 was sold in 2017 and cancelled as a registered angus bull. We did not have DNA of the bull taken before he left the farm.

Please can you get authorisation for the cow to be registered, so that her calf (heifer) (DW191367) can be birth notified / registered.

The other progeny of the bull DW13 659 that also need to be registered are:

DW160910 (Male) sold to CPVZ Trust – commercial breeding

DW160911 (Male) we still have him on the farm and intend to present him on the Trans Gariep Angus Auction in July

Thank you!

Kind regards,

Kate
