Hi Ann as you can see there were 84 animals in the test but only got results back for 62 animals

Many Thanks

Karen

Hi Karen,

Could you kindly send me the whole test that you send in to Logix please so I could look what seems to be the problem.

Kind regards / Groete

Hi Ann

Thank you for your email. What I cant understand is in the test that I did and sent through electronically via email and on email to you there were 84 animals in the test but I only got results for 62 animals.

I urgently need the results for as these animals will be on the Royal show next week.

As well as all the others missing from the test group. Why would this happen?

Many Thanks

Karen
