

Hi Anna- Marie

Hope alls well and the lockdown isn't making your life to difficult.

I'm sending you this info which would have to be sorted out at studbook by Marietjie.

I have recieved a DNA number for the bull GH 14-01 reg 0078888641.

Number is

223U001.

The pending calves are,

TT 18-14 0087356150 sire is dead , used as AI sire and hasn't got a DNA number. If need be will have to clear it up with the board.

TT 19-18 0089063465 , sire is GH14-01

TT 19-20 0089063481. "

TT 19-22 0089063507. "

TT 19-24 0089063523. "

TT 19-25 0089176168. "

TT 19-30 0089224570. "

TT 19-41 0089423867. "

TT 19-49 0089485528. "

Edit list

TT 19-15 0069970101. Dam is TT 17-05 0084964865 must still be inspected , will do with next inspection

As mentioned/ emailed previously

TT 18-06 0086944618 was inspected by Dave Mullins last year

TT 17-44 0086039930. "

TT 17-52 0086164407. "

If these animals can't be found they will have to be re inspected, they were done at the same time as TT 17-33, TT 17-34, TT 17-35. I have a copy of the inspection which I can send again.

Could you please reinstate the cow XY 07-18 0065207672. She calved a heifer calf TT 19 106 on the 23/8/19 could you instate her as well. Her sire is Gh 14-01 0078888641.

Kind Regards

Steve
