Willowbrook Sebastian LR150010 died 23rd October 2018

I am in the process of selling 8 more but the sale depends on when we can deliver them so I will keep them on my per Capita list for the moment

I will send you an inspection for Willowbrook Felix LR150012 which I should have done earlier but I went in to hospital for a foot op at the end of November and was not able to work on my computer for over 2 months. Am fine now and trying to catch up with everything for you.

I will also resend the inspection for my females as I see I haven't completed it

Thank you

Kind Regards

Lorna Ramsden
