Hi Tanya

Well thanks work from home.

Please send me the animal and the new owners detail so I can do the transfer for you.
I know it is not so easy on Logix then you transfer to non member.

Enjoy the day!

Good afternoon Marietjie,

I trust you are well and managing during this weird and stressful time.

I sold a bull and need to transfer it to the new owner who is not a registered breeder. I have tried to do this through Logix but I really don't understand the system and find it hugely frustrating and user unfriendly. When I try to enter the details for the buyer it doesn't want to go through.
Please can you help me. After I have changed the owners name I will also need to issue him with a certificate can you assist with that as well?

Kind regards
Tanya
