I will like to correct a few errors with Logix.

1. AV 180011 is still alive. Please reinstate.
2. AV 190038's mother is BLN 130089. Not SYF 090186.
3. AV 190031 and AV 190032 were not submitted. I have sent their registration details via Logix. Please let me know if you need birth details.
4. AV 200021 is actually AV 200001
5. AV 190046 belongs to BLN 140008. Not AV 180008.
6. My cellphone number has changed to: [083 272 1215](tel:0832721215)
7. All animals with pending status had DNA testing to confirm sire, HCO 130198. Please see attached DNA report. They are SC animals, not A. DNA testing was done with Unistel medical laboratory in Cape Town.
