Subject: Re registration of old donor cows.

Afternoon Christine,
Hope you are well. Tomorrow is the start of spring so hopefully Bloem will start warming up!

Christopher and Gideon have inspected the old cows that are in the IVF program at Absolute Genetics.
I will cull the cows that have failed.
Please could you go ahead and reregister the following that passed inspection back onto Logix as embryo donors.

1. B04060
2. B06010
3. B06011
4. B06094
5. B07025
6. B07027
7. B07123
8. B07159
9. B07174
10. B07300

Many thanks
Simon
