Subject: BUNGAREE RED ANGUS . Pen Registration AANMDW190990

Hello Marietjie,

I don't know why this animal is PEN Reg with reason MS. According to our records the sire of this bull is CP126992 (mating records for the relevant season, as well as recorded as such on BenguFarm).
Are you able to update Logix based on my confirmation or how do we sort this out?

Thanks very much,
Kate
