Môre Ann

Kan jy asb die volgende regstelling vir my doen.

Die dier GMO18/01 is op die stelsel as vroulik en moet asb 'n bul wees. Sal jy asb die geslag verander en my in kennis stel sodra die regstelling gedoen is.

Mooi dag.

Vriendelike groete / Kind regards

Dear Sonja

Greetings to you and trust that you are well

Sonja, please can you rectify a mistake that I have picked up. Animal number GMO 18-01 is registered as a female and is in fact a male. Please can you correct this

Thanks and regards

Geoff
