Hi Michelle

Hope you are well!

Could you please change the sex of the animals mentioned below

Regards

Naomi

Subject: Griffin Herefords

Good day Naomi

I have a problem with two of the 19 calves. A mistake has been made, not quite sure how this has happened.

GG1921 – is a FEMALE but is registered as a MALE

GG1939 – is a FEMALE but is registered as a MALE.

Both of these animals are outstanding Heifers – is there any way that these sexes can be changed. I have double checked their other information and it is all correct. Not sure how this happened and have only picked it up now that they have been separated from their mothers.

Could you let me know what the situation is here.

Kind regards

Graham Griffin
