Good day Suzette

I trust this email finds you well.

I have noticed that this animal has been cancelled on Logix (Studbook) – and I assume it is due to her inter-calving period. But she has given birth to embryo calves in both 2020 (PRB 20 0027) and 2021 (PRB 21 0093).

Please find attached Schedule O Form as well as DNA for both these calvings.

Therefore if you would kindly reinstate the registration of PRB 14 0303.

Kind Regards and God bless...
