Hi Twane

As per our conversation earlier, BOS 10 651 was cancelled in 2016 due to non compliance, below are her calving records:

OBS 16 118 Female, DOB – 31/08/2016, Sire – PD 11 244, Dam – BOS 10 651, Weight 34kg
OBS 17 168 Male, DOB – 18/10/2017, Sire – PD 11 244, Dam – BOS 10 651, Weight 34kg
OBS 18 232, Male, DOB – 01/11/2018, Sire – PD 11 244, Dam – BOS 10 651, Weight 36kg
OBS 19 268, Female, DOB – 17/11/2019, Sire – PD 11 244, Dam – BOS 10 651, Weight 32kg

Please let me know once the calves are on the system so that I can enter their weaning weights.

Thanks

Sarah
