Date

Hi T!

Hier is net 'n bewys van ZooOmics af dat die 2 bulle getoets is maar nie 'n Vaar kon bevestig nie. As jy hulle asb net Multti Sire kan inlees en hulle DNA nommer ook asb.

Ek sien BMAMCC170114 is al reg. Baie baie dankie!!

Dear Ansia,

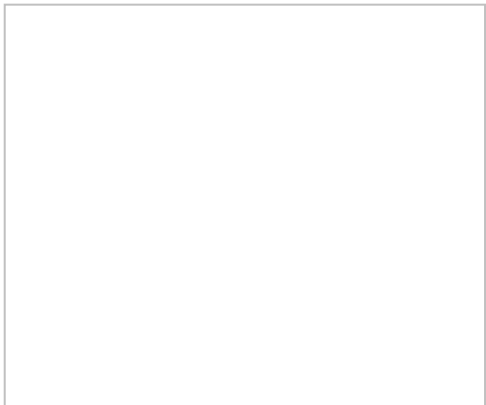

Please see your results for the samples you requested to be retested.

Please note I could not assign a paternal candidate to the following two samples:
ZOBOS20-04984 (CC170035)
ZOBOS20-05022 (CC170195)

Please note that the link will expire **26 June**.
In the event that the results are not downloaded in time, please do not hesitate to contact us should you require another one.

I hope all is in order now.
Should you have any further queries, please do not hesitate to contact me.

Kind Regards/Vriendelike Groete
