Hi Mary

Hope you doing well? I checked regarding 1804 and he is definitely on record. We took him off our inventory list in January when we sold him. (See Wilanna from Studbook email below). He hasn't been inspected though so maybe that is the problem.

Could I ask you to liaise with Wilanna regarding the ram Let me know if I can help with anything else

Kind regards
Tarynne le Roux

The ram JH 18 0004 - 0089116149 is on record, but is cancelled on 28-JAN-2020.
You mark it on you per Capitalist, page 4 to be cancelled. See attachment

Let me know if i had to reinstated it for you.

If so, this ram is not yet inspected you need to inspected it.

Kind regards
Wilanna
