*ZooOmics™ is the animal genetics division of inqaba **biotec™**, and a collaboration between Clinomics and inqaba **biotec™**, making use of additional extensive panels currently used by Clinomics in combination with the service delivery capacity for which inqaba **biotec™** is well-known; to provide the most comprehensive value for money panels for parentage and bovine mutation analysis. The genetic health and colour tests will still be provided by inqaba **biotec™** through our **ZooOmics™** division.*
