Marietjie

Kan jy my dringend help. Die vaderskappe van die bulle vir die veiling is gedoen en dis n kudde tussen ma en dogter. Hulle het die bul geleen tussen mekaar. Die bul is DO110166 en is in 2017 geleen aan 0414912BMA.

Sodra jy dit doen kan ek die DNA laai en die katalogus is klaar.

Gorete

Herman

Goeie More Tina,

Geen probleem nie, ek het dit so opgelaai in die sisteem.

Ek het die ouerskap sertifikate aangeheg aan die epos. Dis die 4 wat ek laas week gedoen het. Ek kan nie sien dat daar enige ouerskappe gedoen was by Clinomics nie. Moet daar nog ouerskappe sertifikate wees, wat gedoen moes word?

Kind Regards/Vriendelike Groete

Goeie more Tina en Ria,

Ek het weer na die data gaan kyk wat ons ontvang het van clinomics en van die data was in die verkeerde volgorde oor gesit. Ek vra onverskooning vir dit.

Ek het die toestemming ontvang van Frieda om hulle bulle ook te gebruik vir die vaderskap toetse. Ek het die resultate aangeheg aan die email.

Asb laat weet my of die volgende moontlike vaders kan wees. Ek sal graag nogsteeds die DNA van die genomineerde bulle wil self toets en net seker maak van die vaderskappe.

Die resultate is as volg:

| Dier         | Lab No        | Vader     | Vader Lab No                                                      |
|--------------|---------------|-----------|-------------------------------------------------------------------|
| 1. AL170153  | ZOBOS20-02328 | DO110166  | C17-14059                                                         |
| 2. AL170190  | ZOBOS20-06222 | AL140746  | C16-07372                                                         |
| 3. AL170205  | ZOBOS20-06223 | DO150172  | C18-08682                                                         |
| 4. AL170200  | ZOBOS20-02327 | DO110166  | C17-14059                                                         |
| 5. AL18-0248 | ZOBOS20-06224 | AL14-0774 | C16-07374 (die een is soos wat julle deur gegee het oorspronklik) |

Ek het die volledige databasis weer aangeheg.

Volg asb die skakel om al die DNA profile af te laai van CJ Steyn Boerdery: <https://we.tl/t-iOhvuOdD0W>

Die skakel verval op **29 Augustus 2020**.

Ek het die een vaderskap sertifikaat aangeheg (AL18-0248) wat op julle genomineerde vader uitgekom het. Ek sal die ander vaderskap sertifikate deur stuur indien julle tevrede is met die resultate.

Vir daardie AL (ZOBOS19-01170) is geen tag nommer ontvang nie, daar was net AL geskryf maar die volgende inligting is saam deur gestuur:

Reg no: 85082535

Sex: Male

DOB: 06.02.17

Dalk help dit om die tag nommer op te spoor.

Monica

Baie dankie

Kan jy dalk die DNA sertifikaat en ouerskap sertifikaat stuur. Dink dit is dalk veilig om eerder na my te stuur dat ek dit download en stoor asb.

Kyk ook asb ZOBOS19-01170 op jou lys – het jy dalk 'n tag nommer vir hom?

Baie dankie vir jou hulp.

Goeie Dag Ria,

Ons het 'n versoek van Tina af gekry naamens u om vaderskap te doen op die volgende diere:

| Dier         | Lab No        | Vader     | Vader Lab No |
|--------------|---------------|-----------|--------------|
| 1. AL170153  | ZOBOS20-02328 | AL140795  |              |
| 2. AL170190  | ZOBOS20-06222 | AL110460  |              |
| 3. AL170205  | ZOBOS20-06223 | DO08-148  | C17-14054    |
| 4. AL170200  | ZOBOS20-02327 | DO08-148  | C17-14054    |
| 5. AL18-0248 | ZOBOS20-06224 | AL14-0774 | C16-07374    |

Ek het die diere gehardloop teen die gegewe vaders maar geen van die monsters pas by die vaders nie. Is daar enige ander vaders wat ons teen die monsters kan toets vir u?

Ons het ook nie die DNA profiel van AL110460 in ons databasis nie. Sal u moontlik die DNA profiel vir ons kan deur stuur?

Kind Regards/Vriendelike Groete
