<i>CALF</i>	<i>DNA #</i>	<i>SIRE</i>	<i>DNA #</i>	<i>Included / Excluded</i>
GJS17.35	P2131/20	AG11.38	SER2058	<i>Included as possible sire</i>
GJS19.34	P2133/20	RRR15.60	P2140/20	<i>Included as possible sire</i>

The verity of the results depends on the assumption that the submitted samples represent the animals that were indicated by the submitter. Although S.A. Stud Book is notified of all DNA numbers issued, genotyped and parentage results are kept confidential, except when the results form part of the annual mandated parentage verification program conducted by S.A. Stud Book. These genotypes were generated using proven technology for DNA profiling in livestock. While extensive measures were taken to ensure the integrity of these genotypes, the ARC assumes no liability for errors that may arise as a result of their veracity, interpretation and/or use.
