Good day Nina

I was processing an inspection and I found some mistaken information on Logix.

- MAN091090, active in database 0598646BON, it's a SP dam, not App A
- MAN101188, active in database 0598646BON, it's a SP dam
- MAN060630, active in database 0553686BON, mother of MAN101188, doesn't have in Logix the complete information. It's an embryo, dam: BGL42 and sire: HJL00-23. It's an SP animal not an FO

If you could change this, cause it changes the category of their heifers.

Thanks a lot for your assistance.

Regards

Julia Aras
