Hi MaKenzie,

Paul Meade AI bred his cows to our Beral of Wye bull and now would like to prove his calves to Beral. He lives in South Africa and would like to do this with the South African Angus Breed Society.

Hope that clarifies a bit.

Paul,

Do you have a contact for the South African Breed Society?

Do we need to register this bull with them?

Tammy

Thank you for your email. Is Paul Meade another Angus Breeder or part of the South African Angus Breed Society? If he is just a breeder we are not able to share this data with him. We can only share this kind of info with other breed associations, labs, and semen companies.

Thank you,
