Hi Liezel

Kan ek Dier FE190016 se ma FE160007 her instel sodat die geboorte kan deurgaen.
Kan ek al die laat geboortes van die lid aanvaar ?

Baie dankie :)

Hi Michelle,

I received a the recent error report and currently going through it.

Please see comments below:

1.) 19 0002

Her dam is 1415. The error states that the dam was too old at calving but 1415 had a calf in 2017 and 2018. Possibly these calves were not registered? They have both been inspected and passed.
