1 Introduction

1.1 Definitions

1.1.1 Registered Boran means a Boran that has been entered and accepted onto the BCB's herd database (Boran). A Boran will be accepted into the call book section (SP/Nb C1B) on receipt of the ... of with registration. A Boran will be promoted to Studbook Proper (SP/Nb REG) on passing inspection. A Boran that has been birth notified but registration is pending resolution of an outstanding issue must a registered Boran in terms of these sale rules. Examples could include the following: Pending not Verified (PbV), Parents not inspected (PbN), MS (PbM), Sex requiring verification, Sex requiring verification (PbS) and (PbM) requiring verification (PbS).

1.1.2 Inspection is a visual appraisal of a Boran by BCBs-appointed inspectors to ensure compliance with the society's standards of excellence. A Boran must pass inspection to be promoted to the Studbook Proper (SP/Nb REG) section of the society's herd database within the stipulated timeline. A Boran that fails inspection will be downgraded and removed from the herd database.

1.1.3 Screening of calves is an appraisal of a Boran for functional faults and conformance with Society norms and maximum breed standards. In the case of Boran still registered in the call book section of the herd book, screening does not qualify as an inspection.

1.1.4 A Dispersal Sale will be held by a Breeder who is permanently discontinuing the business of breeding and farming with registered Boran, and consequently needs to sell all his registered animals to facilitate deregistration as an active breeder with the society. This sale will be deemed to be a dispersal sale and hence trigger breeder deregistration.

1.1.4.1 The breeder uses the word 'dispersal' or similar words or phrases in their advertisement and/or marketing of the sale.

1.1.4.2 The member informs the society it is a dispersal sale.

1.2 Members of the Society are encouraged to sell registered Borans under the auspices of the Society. This will ensure that:

- 1.2.1 The Boran comply with the Society's minimum standards of purity and functionality by verifying the pedigree and performance data.
- 1.2.2 The Boran is of a consistent quality and high standard by upholding each animal on offer.
- 1.2.3 Your clients are protected in that all animals on offer meet the breed standard.
- 1.2.4 Your clients have a reliable method of addressing possible queries and complaints.
- 1.2.5 The breed develops a reputation in the beef industry which builds buyer confidence and peace of mind.
- 1.2.6 The society can support you in the event of queries, dispute resolution, marketing and publicity.
- 1.2.7 The benefit of affluence as a live male is offered to both buyers and sellers and thereby builds the trust of the buyer market, ensuring the sustainability of our breed.

1.3 The Society will approve any production sale of registered Boran cattle provided that:

- 1.3.1 Prior to the announcement of such sale, the seller must contact the Society with the details of the sale.
- 1.3.2 Both the Sellers and the Society will sign a written agreement.
- 1.3.3 The Seller agrees to the requirements included herein in this document.
- 1.3.4 Should the requirements detailed not be met, the Society will be entitled to:
 - 1.3.4.1 renegotiate the requirements
 - 1.3.4.2 withdraw permission that the sale be promoted under the auspices of the Society
 - 1.3.4.3 it was deemed appropriate the membership of the relevant member

2 Application to hold a sale under the auspices of the Boran Society

- 2.1 All sellers' accounts may not be outstanding with the Society for more than 60 days;
- 2.2 The Sellers and the appointed organizer will transfer all communication pertaining to the sale. The organizer will be responsible for the communication with other sellers involved with the sale.

2.3 On approval of the application the Society office will furnish this organizer with the official entry forms, which must be completed and returned to the office at least 21 (two) months prior to the date of the relevant sale.

2.4 Each seller and the Society will sign a written agreement reviewing the conditions that will apply to the sale.

2.5 It is the responsibility of the seller to provide all fertility, pregnancy and health certificates prior to the sale and deliver the degrees in the society's before the screening date and time.

2.6 It is recommended that sales in this same area should not be promoted within a week of each other. It is possible will be regarded as the goods, unless the organizers of both sales agree to such an arrangement.

2.7 Only one auction under the auspices of the society can be held on any one day.

2.8 No other sale may be held (three (3) weeks) prior to the National sale.

2.9 Existing sales history will be taken into consideration when sale dates are allocated by the Society. If an auction with history is booked for two years in a row and the auction does not take place in those two years, the seller forfeits the date and the date can be allocated to another seller. If a date is booked and the date change of the auction is cancelled, a fee of R6000 will be charged. If there is a valid reason for the change of the date or the cancellation of the auction, the motivation must be submitted to the Council for exemption.

3.0 A document detailing the rules and duties of the auctioneers will be submitted to the relevant auctioneers for their signing. The Society reserves the right not to approve an application for a sale to be promoted under the auspices of the Society should it arise that the auctioneering firm is in dispute with the Society.

3.1 Council and staff members of the Society in their personal capacity, are indemnified against any claims lodged by other buyers at sales arising from the sale of animals at such a sale.

3 Requirements for animals, embryos, and semen on offer

3.1 Society and Legislative Requirements

3.1.1 All Bulls on offer must be registered with the Boran Cattle Breeders' Society. The birth registration of calves born up to the day of sale must be submitted to the Society by the seller. Calves born on sale day will be registered by the new owner.

3.1.2 Animals not conforming to the minimum breed standards of the Society may not be sold at a sale offered under the auspices of the Society.

3.1.3 The pregnancy status of cows on offer must be such that they are according to the minimum reproduction standards as specified in the Byelaws of the Society.

3.1.4 No female may be offered in call to any bull other than a registered Boran bull.

3.1.5 Embryos offered for sale, donated, included in a list or listed to a sale of a lot must be:

3.1.5.1 flushed from Boran cows registered with the Society;

3.1.5.2 accompanied by a signed certificate confirming percentage details, the grade of the embryo and confirmation that the embryos were collected by a registered embryologist at a registered quarantine station.

3.1.6 A female older than 30 months on the date of the sale, must be carried in call by a registered veterinarian.

3.1.7 A cow may be sold with her calf at foot provided that the calf is not older than 7 (seven) months of age at the date of sale.

3.1.8 If the calf is younger than nine months, then the cow does not have to be confirmed in call.

3.1.9 Should a yearling semen donation or a semen share in a bull it must be declared as part of the information that appears in the sale catalogue.

3.1.10 When an animal that is jointly owned is offered for sale:

3.1.10.1 The seller must specify the percentage share to be sold together with any other co-owners or restrictions that may apply.

3.1.10.2 The progeny of the said animal as recorded and shown on ledger must be included in the catalogue.

3.1.11 It is important for buyers to note that all Boran registered in the Society call book section (SP C1B), which are offered for sale under the auspices, are subject to inspection by the buyer. The screening prior to the sale does not constitute an inspection.

3.112 Cattle that are not allocation worthy under no circumstances be offered at the auction.

3.2 Animal Health

3.2.1 All animals offered must have been tested negative in respect of CA and TB as near as possible to the sale date, but not more than three months prior to the date of the sale.

3.2.2 Cattle sold at foot with their dam, and except from TB and CA tests.

3.2.3 If any of the animals offered for sale test positive for CA, TB, Trypanosomiasis or Vitellinosis, all the animals be informed for sale by the breeder must immediately be withdrawn from the sale, and the office must be informed.

3.2.6 Pregnancy requires stating number of months pregnant must be presented to the auctioneer and must correspond with the information given to the office when compiling the catalogue. The pregnancy certificate may not be older than three months prior to the date of the sale.

3.2.7.1 Have been tested by a veterinarian of a registered veterinary technician/breeder collector for breeding soundness (testal, internal genitalia, mucus and microscopic evaluation of semen sample).

3.2.7.2 be tested negative in respect of Trypanosomiasis, Vitellinosis, CA, and TB.

3.2.8 One semen from bulls registered and inscribed with the Society, registered in accordance with the Animal Improvement Act No.62 of 1958, have DNA paternity verification and collected by a registered semen collector at a registered quarantine station, may be offered for sale, denailed, included in any lot or moved to a sale of a lot. The applicable certification from the quarantine station is not be submitted to the Society at least 28 (twenty-eight) days prior to the sale date.

3.2.7 The health and pregnancy certificates must be submitted by the seller in the auctioneer prior to offering the lot at or to the animals will be off loaded at the sale lacking if the certificates are not presented to the auctioneer at his responsible official prior to offering.

3.2.8 Council reserves the right to institute disciplinary action against a breeder who fails according to the decision of Council administered hormone/treatments to an animal, which is regarded as unethical and a misrepresentation of such animal.

4 Catalogue

The catalogue is key to a successful sale and to the sellers marketing program. For this reason, it is important that sellers plan their sales well in advance. To provide the required service to seller's deadlines have to be strictly enforced by the society as far as to meet the objectives outlined in this document.

4.1 The seller is required to submit all the required information to the Society 28 days before the date of the sale. Example: If the auction is on the 30th July, the latest submission time and date would be at 14:00 on the 2nd July.

4.1.1 Only animals that meet the following requirements can be included in the catalogue:

4.1.1.1 appear on the large report titled Allocation/Animal or Final/Bar and show the status allocated at the submission date. The exception is where the calf is older than 9 months, but younger than 12 months, the calf can be included in the catalogue with the Club status as a lot B.

4.1.1.2 and in the case of females on the day of sale will

4.1.1.3 have an average IOP less than 120 days

4.1.1.2 have calved before 42 months

4.1.1.2.4 Must have a calf at foot since her last breeding program.

4.1.2 If a breeder submits an entry that has been purchased from Club to RBS in the Selection/Heim report within 4 days after the cutoff date in 4.1, a late entry fee of R500 will be charged per lot to cover administrative costs. If an animal is substituted (replaced) with another animal after the cutoff date, a fee of R500 will be charged per lot to cover administrative costs.

4.1.2.1 The late entry request form will need to be completed and submitted to the office.

4.1.2.2 The fee will be waived and charged to the breeder account and will be payable even if the animal is returned off the sale.

4.1.3 The seller must provide all the relevant information required on the entry form.

4.1.4 Upon receipt of the relevant entry information, the Society will check the entries and submit a concept sale catalogue within 21 (twenty-one) days of the date of the sale to the seller for approval. A period of 5 (five) working days will be granted to the organizer to submit any changes that are required. The Society will then submit the final catalogue to the auctioneer two weeks prior to the sale date.

4.1.5 Should any information, provided by the breeder to the society for the catalogue change between the date of submission in 4.1 above and the sale date then the onus is upon the breeder to advise the office, the auctioneer and the inspectors responsible for the screening of such changes prior to screening.

4.1.6 The sale catalogue will conform to the SA Standard design.

4.1.7 All the breeder's registered animals for sale will be listed in lot sequence in the catalogue.

4.1.8 The rules pertaining to the sales presented under the auspices of the Society must be published at the front of the sale catalogue.

4.1.9 No changes to the catalogue can be made after the entry date has expired.

4.1.10 The sale catalogues provide an annexe per sales. This annexe will be issued by the inspectors for the screening of the animals offered at the auction.

4.1.11 The following applies to the breeder comments on the catalogue:

4.1.11.1 The comments have to be made to a certain number of clauses. Where relevant, the information below must be displayed and takes precedence over general comments.

4.1.11.2 Any entry must be recorded in months.

4.1.11.3 If a cow is sold with its calf, the calf's number and its sex must be recorded.

4.1.11.4 If the cow is pregnant, it must be recorded who the possible sire of the calf will be and how far she is pregnant. The possible sire's ID must be recorded.

4.1.11.5 If the heifer or cow is running with a calf, the bull must be in possession of the calf or a legal calf to him. The bull's ID must also be recorded.

4.1.11.6 After that, further comments from breeder can be recorded.

5 Screening

5.1 The purpose of the screening is:

5.1.1 to verify the identification of the animals on offer.

5.1.2 to inspect them for functional faults and compliance with Society norms and minimum breed standards.

5.1.3 to verify that animals that have been flagged by the administering office meet minimum production standards on the day of the sale.

5.2 The inspectors offering at a sale screening may not sell but are registered in their name on that same sale.

5.3 All animals (SP, CLB and Appendix A, B, C) presented at the sale will be screened. Bored marked but for Registration (SP) will not be subject to screening. CLB (Calf coat) animals that pass screening on the day of the sale are still subject to inspection at the required age.

5.4 Sale animals must be available for screening at 12:00 the day before the sale. The Bureau will appoint three senior inspectors for screening animals to be sold worthy for the National sale and two (2) senior inspectors for all other sales.

5.5 Only the Auctioneer's representative will be allowed to accompany the nominated inspectors during screening.

5.6 The inspectors will advise the seller of animals that have been screened off the sale.

5.7 Sellers must be present or at least contactable after screening. Should a seller not be present, the information will be given to the representatives of the auctioneering firm.

5.8 The inspectors will advise the representatives of the auctioneering firm of any animals that fail the screening. The findings of the inspectors will be free.

5.9 A breeder of a Bored (both bulls and females) that fail screening shall have either of the following two options:

5.9.1 Sub the Boran that has been screened off as a registered animal, at a commercial sale held not under the auspices of the society this sales place on the same day. The Boran will be designated those its SP/No REG status) and will lose the right to re-entrance.

5.9.2 Every the Boran screened off immediately from the sale area / sales place. The Boran will retain its SP REG status on condition that the Boran is immediately returned to its farm of origin.

5.10 In either the law or the call rules screening, then the entire lot will be deemed to have failed the screening and 5.9 will apply. Lot A and B, while the call lot B is between 9 and 15 months old and will cap book will be considered as one lot.

5.11 No other type of inspection may be carried out during sale screening.

5.12 At least one of the inspectors involved in the screening, or another official appointed by the society, will be available on the day of the sale to provide a marketing preference for the seller and the Society, to act in an advisory capacity to buyers and to ensure that the auction is conducted in compliance with the above rules.

5.13 After the auction (within three days after the sale), the auctioneer must send the signed screening list to the offer for record keeping and transfers.

6 Duties of the auctioneer

6.1 The auctioneer must complete in full the applicable Society form and return it to the Society office only signed. As the sale will be presented under the auspices of the society, the sale participant will not be at other advertising copy's must be submitted to the Society for approval prior to publication. The official registered Society logo must appear on all advertising as well as the words (B)SA sold under the auspices of the Boran Cattle Breeder's Society of SA.

6.3 The rules pertaining to sales presented under the auspices of the Society together with the information supplied by the Society must be published at the front of the sale catalogue.

6.4 Only animals on the catalogue may be sold.

6.5 No animal will be allowed to be off loaded at the sale venue if the required veterinary certificates are not presented to the auctioneer or his official representative for offloading.

6.6 The auctioneer will provide one (1) person to assist the inspectors with the screening of sale animals.

6.7 The senior inspector is responsible for submitting the signed screening report to the Society within two (2) weeks of the sale.

6.8 The auctioneer is responsible for collecting the health, fertility and pregnancy certificates for each animal on the sale. The auctioneer is responsible for distributing these certificates to the new owners after the sale.

6.9 The membership numbers of buyers that are registered Boran breeders must be obtained and included with the detail of animals purchased by such buyers in the order form.

6.10 Before commencement of a sale under the auspices of the Society

6.10.1 the Auctioneer will inform the members of the sale.

6.10.2 the Auctioneer will inform the members of 5.1 above.

6.10.3 will advise the buyers that the rules of the auction are included in the catalogue.

6.10.4 and will advise buyers that they have 90 days from the date of sale to address any issues of concern with the seller that require resolution.

6.11 The contracted Auctioneer is responsible for ensuring that he obtain his organization and the seller's adequate public liability insurance cover is in place for the auction.

7 Dispersal Sales

7.1 All the requirements for sales under the auspices are applicable to dispersal sales, as well as the following:

7.1.1 If a breeder intends to hold his dispersal sale in two parts, he may request in writing that Council extend his membership for the agreed upon period.

7.1.2 It must be clearly understood that the arrangement of further sales under the auspices of the society, subsequent to the sales as contained in the agreement with the Society will not be permitted.

7.1.3 One year after the dispersal sale, the breeders active membership of the society and membership of SA Studbook will be cancelled and all animals not sold will be transferred to a number number. Such persons may remain as a non-active society member. After a lapse of five (5) years he may reapply for active membership of the Society and SA Studbook.

7.1.4 All Boran registered with the Society on the date of dispersal shall be named in the relevant breeder company card, crossed corporation, partnership or trust names in which he has an interest, must be presented at the dispersal sale.

7.1.5 Boran animals sold via dispersal sale may not be transferred as registered animals to the seller's wife and family member or any organization (e.g. Company, Trust, closed corporation, partnership or trust named in which the husband interest).

7.1.6 A breeder may sell his Herd Designation Mark at his dispersal sale. This will be activated on completion of the required SA Studbook re-entry form.

7.1.7 The Society and SA Studbook membership of a breeder on at the dispersal sale, who have successfully applied for the presentation of a total dispersal sale under the auspices of the Society will be extended to the end of the financial year when the dispersal sale takes place, and the full membership fee in respect of that period will be payable by the member/breeder. Therefore the membership of the seller will be terminated or transferred to the non-active member list of the society to work under other of the aforementioned conditions; the seller's concerned may only reapply for registered breeder membership upon the issue of 5 (five) years.

8 Commissions and Fees

8.1 The Society will receive a commission on livestock sold to come by Council in respect of all sales held under the auspices of the Society. This will be calculated as a percentage of the total turnover of the sale. The commission will be collected from the seller, and paid across to the Society within 7 (seven) working days, failing which penalty interest at the ruling prime rate will be levied.

8.2 Sellers who privately sell animals after the sale, will be liable for the total commission as set out in the sale agreement. If these animals were entered for the sale and went through the sale.

8.3 Should a bid be accepted during an auction under the auspices of the Society (regardless of when the buyer is a commission of 1).

8.4 Commission will be applicable on semen and embryo sales.

9 Buyers

9.1 Should a problem arise with an animal that a buyer has purchased on the sale, the buyer has 90 days from the sale date to raise the issue with the seller and / or Council.

10 Sellers

10.1 Sellers are encouraged to DNA all Boran in offer to verify the stated parentage and avoid possible purchase disputes after the sale.

10.2 Sellers are expected to take the necessary remedial action in the event that the parentage of unborn calves or animals sold under the auspices is not as stated in the catalogue which the calf is born after the sale. The onus is on the seller to reach an amicable solution with the buyer. Failing which the offer will refund the buyer and the buyer will return the Boran cow and calf to the seller.

10.3 Where females are in calf to all-female sires, the identity numbers of the possible sires used must be supplied and each possible sire must have a DNA profile that matches in order.

10.4 A registered sub used in the head must have a DNA profile recorded on Logi.
10.5 For all entries the animals' sex must be verified by DNA (compulsory sex verification). However, both sex and dam verification is encouraged.

11 General Rules

ii) All animals advertised must be present on the day of the sale and the Society reserves the right to demand veterinary certification regarding an animal withdrawn other than in the case of death and the subsequent cancellation of the animal.

412 All applications for other forms of sale (e.g. internet sale under the auspices of the Society) should be submitted to the Society as sufficient time to allow for the practical application of the principles outlined in this document

12 Requirements for Internet/Online Auctions

12) There must be a time span of one day between the closing dates of live and online sales and the next auction.¹³

12.2 All applicants for internet/auctioneering should be submitted, in person and in writing to the General with the view to the practical application of the principles contained in the rules for sales held under the auspices of the Mogan Cattle Breeders' Society of South Africa. The sale auctioneering costs for internet/auctioneering should be direct costs for the seller. Screening of animals before an internet/auctioneering must be done within two weeks prior to the auction. Please submit your request for a screening in writing to the Technical Advisor, Dr. Stephen Hargrave, and a screening will be arranged accordingly.

17.3 All veterinary documents for infected/dying animals must be received by the others two weeks before the beginning of the auction. This documentation includes: bleeding, soundness, internal genitalia, internal genitalia (rectal examination), necropsy documentation, evaluation of bulk and cell counts for the Testing of Technologies, Viruses, CA, and TB (males and females). Animals will not be sold if the documentation is not submitted in time. The same requirements apply as stated in the requirement for auctions held under the auspices of 13.2 Animal Health.

12. All other rules in this document also apply to internet/online actions

The successful marketing of Borsari stud stallions is an important aspect of our members' economic interests. For this reason, all steps must be taken to ensure that the Borsari we sell meet our breed standards and our requirements of quality. This is the only way we can build the name of the buyer market. In addition, breeders are expected to conduct themselves with integrity and—*in the shared interests of all fellow breeders and the Society*—Please contact the Society or a Council member should you have any suggestions on how to improve what is sold in the Society. Best wishes for a successful sale!
