Good afternoon Nic,

I'm well thanks and you.

I do apologize for the delay but please note that I am assisting with the memberships as well and things are a bit busy on my end.

These animals are all being blocked by the system due to the birth date which is before your registration date.

I would suggest that we move your joining date to 01/01/2023 for these births to go through. If we do this I would need you to send me a list of all the mothers as well as the date you purchased them for the transfer date to be corrected.

Lizanne would you be able to give the necessary permission for us to adjust Nic's joining date from 13/11/2023 to 01/01/2023.

I look forward to hearing from you.

Kind regards / Groete

I tried to add them last night, some added and others did not. Could you perhaps assist me with adding them to my profile? They are attached to this email.

Thank you very much.

Good day Lizanne

I hope that you are well. Thank you for helping me to add the final ewe to my flock yesterday.

I was wondering if you could help me to input some lambs to the system as when I try to add them on Logix they do not want to be added. However, others that I have added last night did add to my herd so I do not know why these do not want to add to the system. They are attached to this email.

Your help will be greatly appreciated.

Kind regards
